SEED WHEAT for MISSOURI and ILLINOIS

"Always Insist on Keystone Quality"

RECOMMENDED VARIETIES:

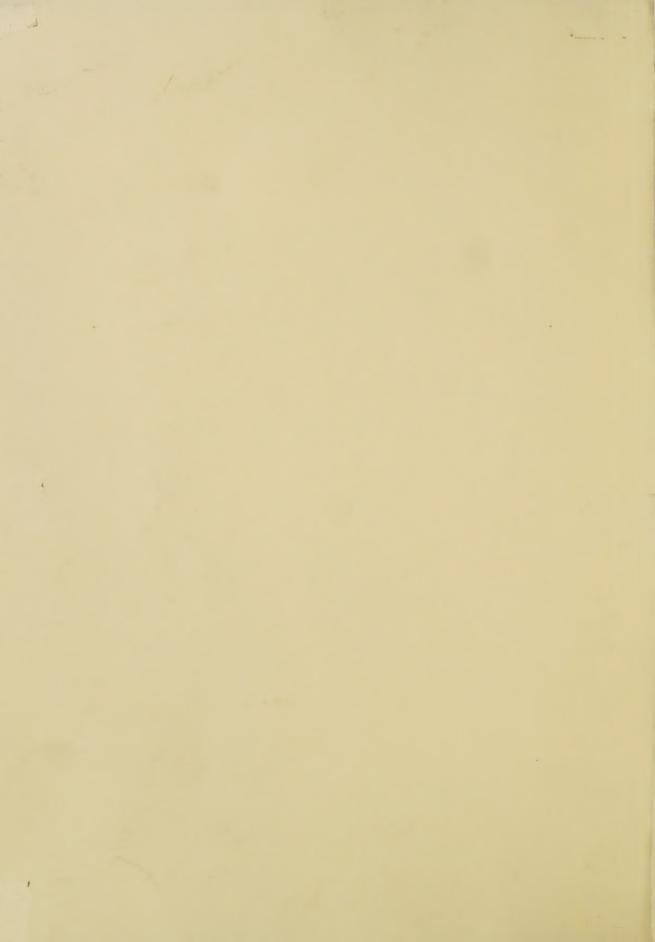

- 1. VIGO, (Certified) KEYSTONE QUALITY
- An outstanding Soft Red Winter Wheat—Beardless.
- Very high yielding—very resistant to lodging.
- Resistant to mosaic diseases, leaf rust, and loose smut.
- The best variety for medium to low fertility soils.

2. ROYAL, (Certified) KEYSTONE QUALITY

- An excellent Soft Red Winter Wheat—Bearded.
- Has higher test-weight than Vigo, but not as resistant to leaf rust and loose smut—shows resistance to mosaic and stem rust.
- Royal should be kept on medium to high fertility soils.

In an effort to help re-establish Missouri and Illinois as a good, soft-wheat growing area, we will not handle Pawnee or any of the other hard-wheat varieties—you can help the farmers in your area get a premium for their wheat every year, if you will push the sale of VIGO and ROYAL seed wheat.

PLACE YOUR ORDER NOW FOR "CERTIFIED" VIGO AND ROYAL SEED WHEAT REMEMBER! LAST YEAR THERE WAS NOT ENOUGH TO FURNISH THE DEMAND!
